

TCM Forklift Part

TCM Forklift Parts - In the international industry of material handling, lift trucks play a major role for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States, lift trucks gained popularity following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread internationally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply referred to as TCM Corporation. Through the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation in the trade. TCM started building lift truck manufacturing locations outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes several models of industrial trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
