

Rockwell Part

Rockwell Parts - AxleTech International is a premier provider in the world of specialty vehicle drive-train systems and components together with off highway vehicles. The business prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for service, technology, delivery and quality. They believe in working in an environment that encourages the utmost integrity with empowered collaboration, along with a relentless pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever questions or comments, as they are glad to share and promote this policy with a greater knowledge of their efforts. They are really committed to improving and preserving the surroundings. AxleTech has an EHS program that not just protects the natural world but which even actively protects their workers and neighbors also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles to meet certain application demands. They have over one thousand various axle specs within their existing offering. With more than one hundred years of skill and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in various commercial and military applications. They provide complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product collection.
